

At-Large Criteria

The requirements for individuals wishing to serve as At-Large NFMA Board Members are purposely broad to allow for the largest possible pool of candidates.

It is the Nominating Committee's responsibility to review each candidate's application to assure that he/she meets the requirements as follows:

- has been a member of the NFMA for at least 3 years;
- has provided meaningful service to the NFMA and/or its affiliated local chapters;
- has notified his/her employer of the candidate's desire to serve on the Board and obtained their employer's support. The employer should be made aware that Board membership requires a commitment on the part of the employer of the individual's time and some expense (primarily for travel).

Please note that the NFMA Board of Governors meets in person at least three times per year, usually the day before an NFMA seminar or conference. Board members are expected to attend all meetings, if possible.
